When I look at you I think of everything I don't have
Everything you are is everything I'll never be
Blinded by the light, blinded by the darkness
Blinded by the sense I'll always be reckless

When I look at you I think of everything I don't know
Everything you say is every place I've never been
Blinded by the light blinded by the darkness
Blinded by the sense I'll always be aimless

Sometimes when I'm awake I feel as if I am dreaming
All my hopes in pices on the ground
You sing my heart to sleep
And I whisper that I'm freezing
Is every window open in thisâ€¦ghost town

When you look you think of everything I don't know
Everything I have is everything you want to save
Blinded by the light blinded by the darkness
Blinded by the sense I'll never been brave

Sometimes when I'm asleep I feel as if I'm floating
And all my hope's in pieces in the sky
You shake my heart today with promises of knowing
The answers to the ocean asking whyâ€¦we try

I could be afraid or I could be afraid of nothing
I could be alone or I could be alone with you
Blinded by the light blinded by the darkness
Blinded by the sense there is only love
