You came to me like
Lightning upon a picket fence
Shattering my illusion
With shockingly bad sense
And I may never feel the same
But I won't always feel this pain

So let faith fall on me now
I'm gonna be here til the end
If you do not see me bend
Then you know
I will have been bravedancing

You rain to me like ashes
Volcanoes come and go
You seem to have such passion
For someone so shallow
And I may never feel the same
But I refuse to play these games

So let faith fall on me now
I'm gonna be here til the end
If you do not hear my voice
Then you'll know
I've had no choice

So let faith fall on me now
I'm gonna be my own best friend
If you do not see me bend
Then you will know
I have been bravedancing

I see the moon
About to bloom
Into thousands
Of bright yellow roses
And they'll be spreading
Their light across the sky
And I wish my garden
Could grow this

When friendship
Is so frightening
It's hard not to overthink
Kisses were like kite-flying
I knew we'd sail or sink
And I might never feel the same
But you must see
How much I have changed

So let faith fall on me now
I'm gonna be here till the end
Faith fall on me now, oh
I'm gonna be my own godsend
If you do not hear my voice
Then you'll know
I've had no choice

So let faith fall on me now
I'm gonna be my own best friend
And if you do not see me bend
Then you will know I have been
If you do not see me bend
Then you will know
Where I have been
Bravedancing
