I think I need to cultivate my anger  
I think I need to cultivate my scream  
I try to make you shake, I try to make you pander  
To the parts of me suffocating underneath  
I think I need to cultivate my humor  
See I only focus on what's in between  
Melancholy is my name, melancholy makes a joyful girl  
insane  
Think I need to study how to be serene

Or I'm gonna just lose you  
I'm gonna just lose you  
I'm gonna just lose you now

I think I need to cultivate my laughter  
I think I need to cultivate my lust  
I think I need to concentrate on ugly  
Or I'm gonna try to be so pretty I will bust

Or I'm gonna just lose you  
I'm gonna just lose you  
I'm gonna just lose you now  
I'm gonna just lose you  
I'm gonna confuse you  
The only way I know how

It isn't fair that the only thing I  
Know's what I've been taught  
And it isn't fair that the only thing I  
Go for's what I'm not  
And it isn't fair that the only thing I  
Need's what I don't have  
And it cracks you up that I'm oh so sad

Should be easy enough to find the passion  
I've got plenty to be passionate about  
I'm obsessed with you I'm depressed with me,  
I'm undressing every ghost I see  
I'm embittered by the way I'm burning out

I'm gonna just lose it

I'm gonna just lose it  
I'm gonna sell you my soul  
I'm gonna go crazy, I'm gonna sing badly  
I'm gonna concede control

I think I need to cultivate my anger, I only seem to  
Have what's in between insanity is what's feeding me  
and  
Loneliness promises to lead to  
Another resting place of lost and found  
See how happy I can be when I'm pretending I'm not me  
Think I need to medicate my innermost girl-scout
