How can I be the judge of something  
Who energy's so hard to find  
I think I got you in the palm o' my hand  
And then you up and redivide  
How can I be a priestess in this  
Religion that's so undefined  
How come I feel like a true explorer if I'm  
Already on the inside

'Cause I would remain I would abstain  
And I would endure pain for you  
I would collide I would abide  
By anyone who'd adore you

How can I build a bridge through silence  
When all I have are these two hands  
To separate the rooms from islands  
And find a way to warmer sands  
How can I be everything to you  
Do you know what that could mean  
I wanna run this river through you  
And find a way to true extremes

'Cause I would remain I would abstain  
And I would endure pain for you  
I would collide I would abide  
By anyone who'd adore you

I think I am the lotus flower  
You told me they live and breathe in the mud  
And I'm still breathing  
Deep inside of this love

I think you are the only answer  
'Cause you know how to read my mind  
If I could learn to do the same for you  
I wouldn't feel so far behind  
I think you are the only answer  
To all the questions I could ask  
I think you are a barefoot dancer  
And I am just a ballet class

I think I am the lotus flower  
I think you are the tall, tall grass  
I think this is the final hour  
And I am coming home at last
