Hello my angel!hello my darlin'
How many hours - has it been that long?
I do believe that you were my answer
And I do believe that I had it all wrong

And I'm so tired of being so logical
And I'm so tired of being alone
And I'm so tired of this independence
And I wish that I could swallow this phone

Hello my baby!are you still crazy
Do you still believe in the devil's curse?
I do believe that I've never been better and I'd
Never admit that line was under-rehearsed

And I'm so tired of being so logical
And I'm so tired of being so strong
And I'm so tired of all that we never say
And I that I could swallow this song

Hello my angel..hello my stranger
How many days has it been since bliss
Are you still beautiful as you're insatiable
Would you be willing to forgive me all this?

Cause I'm so tired of being so far away
And I'm so tired of not letting go
And I'm so tired of all that we never say
And I wish that I could swallow this phone
