Too many women in this big black room  
Too many people with the same perfume  
Too many women but not enough of you  
Too many prisoners in this sinking ship  
Too many ribbons at your fingertips  
Too many reasons for me to be blue  
but not enough of you  
Not enough of you

But I will wait for you to figure it out  
Soon you'll be chasing me through the out door  
onto the street I will be kneeling on the ground  
Thanking my lucky scars you've found me  
my lucky scars you've finally tripped over me

Too many spiders on yor windowpane  
too many creatures  
with the same Christian name  
Too many Betty's and too many Sue's  
but not enough of you

But I will wait for you to figure it out  
Soon you'll be chasing me through the out door  
onto the street I will be kneeling on the ground  
Thanking my lucky scars you've found me  
my lucky scars you've finally tripped over me

Is it possible to be listening  
long enough to forget I'm not alive  
Is it possible for me to be giving  
more of myself than I actually have  
Is it possible for me to be listening  
long enough to forget I'm not alone  
Is it possible to be giving  
more of myself than I actually own

Too many women in this big black room  
Too man people with the same perfume  
Too many women but not enough of you  
...not enough of you
