When I was a queen in another life  
Remember when I fell to my knees and asked you to be  
my wife  
Everybody danced, how they laughed and sang  
Everybody wanted to be there when those great bells  
rang

When I was a weed, when I was dandelion  
I was always blowin' away into the great grey sky  
How I was I to know you were the grassy gound  
You were just waitin' for me to finally come around

Butterfly's crawling on the concrete lawn  
Telling me to love you if I'm gonna be strong  
Everything around me is an empty chair  
Don't know where I'm going 'less you're there  
Phoenix is flyin' in a fiery sky  
Tellin' me to love you 'til the day that I day  
Everything around me is an old wishbone  
Doesn't matter who says, you're my home  
When I was alone 'fore I was alive with you  
How I was adrift on an ocean only one shade of blue  
But now I am asail in a Claude Monet  
Now I am ablaze with the glory of this gracious day

Butterfly's crawling on the concrete lawn  
Telling me to love you if I'm gonna be strong  
Everything around me is an empty chair  
Don't know where I'm going 'less you're there  
Phoenix is flyin' in a fiery sky  
Tellin' me to love you 'til the day that I day  
Everything around me is an old wishbone  
Doesn't matter who says, you're my home

I don't wanna beâ€¦ be without you

Phoenix is flyin' in a fiery sky  
Tellin' me to love you 'til the day that I day  
Everything around me is an old wishbone  
Doesn't matter who says, you're my home... you're  
mine
