My friends ask what I see in him
They don't get it but that's alright

By me

He's not maybe that good lookin'

He's barely as tall as me

But oh oh oh when he says my name

My heart goes boom boom boom

He's my kind of wonderful

My kind of wonderful

My kind of wonderful

And when we're together that's all

That matters

I don't care what you think he's

The only one for me

He's comical, original, I'm so lucky to

Be his girl

I'm in love and I can't lie and I can't

Even tell you why

He's my my my my my kind of wonderful

He's got those geeky glasses and

Worn out clothes but he can beatbox like

You can't even believe

Sweetly awkward and baby's kind of shy

Always seems to say the wrong thing

But oh oh oh when he kisses me my

Heart goes boom boom boom

He's my kind of wonderful

My kind of wonderful

My kind of wonderful

And when we're together that all

That matters

I don't care what you think he's

The only one for me
He's comical, original, I'm so lucky
To be his girl
I'm in love and I can't lie and
I can't even tell you why

He's my my my my my kind of wonderful
My kind of wonderful yeah yeah yeah
Maybe he's not perfect but he's
Perfectly perfect for me and I'll
Shout it from the top of the rooftops
Yeah
He's w-o-n-d-e-r wonderful

Oh oh oh when he kisses me my heart
Goes boom boom boom ohhh
He's my kind of wonderful
My kind of wonderful
My kind of wonderful
And when we're together that's all
That matters

I don't care what you think he's
The only one for me
He's comical, original, I'm so lucky
To be his girl
I'm in love and I can't lie
And I can't even tell you why

He's my my my my my kind of wonderful

He's my my my my my kind of wonderful
