They can't hold me down  
'Cause I'm on the run  
Let me tell you where I'm from  
Where hyphy's made, golden gates  
40-water and Mac Dre  
Throw a hoodie on and come with me  
Burn it all down with gasoline  
We're going indie girl, making history  
Hey indie girl you got a kiss for me?

Snapshots  
They caught us on camera  
Say cheese for the picture  
She was from Alabama  
Red lights  
We tripped the alarm and now it's 5, 4, 3, 2, 1

We were breakin' all kind of laws  
We were bouncin' off the walls  
The times that we had were the best  
We can do it one more time  
Be my partner in crime  
Don't tell me no  
Say yes, are you radical?  
Say yes, If you're radical  
Say yes

Hey yo, Polaroid '88  
Supersonic laser-raves  
Subatomic major bass  
Man those were the crazy days

Dancin' to your favorite song  
Shake it like a pollywog  
Freakin' like a dirty dog  
Nerdy girls, I love 'em all

Snapshots  
We're goin' bananas  
Say cheese for pictures  
Girls are flashing the cameras

Red lights  
We run 'em at random  
Middle finger to the man because you know we can't  
stand 'em

We were breakin' all kind of laws  
We were bouncin' off the walls  
The times that we had were the best  
We can do it one more time  
Be my partner in crime  
Don't tell me no  
Say yes, are you radical?  
Say yes, If you're radical  
Say yes

We were breakin' all kind of laws  
We can do it one more time  
We can do it, we can do it, we can do it  
Yeah, yeah, yeah

We were breakin' all kind of laws  
We were bouncin' off the walls  
The times that we had were the best  
We can do it one more time  
Be my partner in crime  
Don't tell me no  
Say yes, are you radical?  
Say yes, If you're radical
