Chorus:

When we watch the waves on these summer days she  
makes everything alright  
We'll take a shot to this with a lime to twist,  
I taste the salt on your lips  
Tequila kiss  
Tequila kiss

Tequila, Corona, we chase it in the sun  
We got plenty of time when older  
We're planning on being young and in love  
At least we know where we're from  
Keep it recorded, wake up wasted, and we watch it in  
the morning

I helped you count your tips to an island song  
Sitting pretty counting fifties 'til I walked you home  
So take a shot to this with a lime to twist  
And stop looking for a better life it doesn't exist

Chorus:

When we watch the waves on these summer days she  
makes everything alright  
We'll take a shot to this with a lime to twist  
I taste the salt on your lips  
Tequila kiss  
Tequila kiss

I shoot it she flaunt it  
Gold and silver she got it  
Posted in the cabana she flipped a bottle and caught it  
She got tricks, yo tricks up her sleeves  
Behind the bar in my arms, man you wouldn't believe

Bahama mama smelled like Piña Colada  
Blow my mind from SoCal down to Islamorada  
So take a shot to this with a lime to twist  
And stop looking for a better life it doesn't exist

[Chorus:]

There's something 'bout the way that she poured it  
Filled it to the top man she never left me shorted  
There's something 'bout the way that she poured it  
Filled it to the top man she never left me shorted

Tequila kiss  
Tequila kiss
