"We Were Just Kids"

Visit "[We Were Just Kids](#)" on MotoLyrics.com

We were passing time getting high with our best
friends
Living life eating right learning lessons
Didn't need your struggle, we were good for life
We didn't need no place to rest our awfully burdened
heads
Back then the air was fresh and we were good for life
We were just kids Uuh
We were just kids Huuhu
We were just kids
It is what it is we were good for life
We were just kids Huuhu
We were just kids Huuhu
We were just kids
It is what it is we were good for life
Let's go back let's go back back in the day
All we ever wanted was the neighborhood thing
Big moose's hanging loose to the neighborhood gang
Like four for a dollar, four for a dollar
My dude got locked on a misdemeanor.
The other one shipped off to Korea
Life gets tough getting harder to see ya
But they know I'mma holler, they know I'mma holler

We were passing time getting high with our best
friends
Living life eating right learning lessons
Didn't need no struggle we were good for life
We didn't need no place to rest our awfully burdened
heads
Back then the air was fresh and we were good for life
We were just kids Huuhuh
We were just kids Huuhuh
We were just kids
It is what it is we were good for life
We were just kids Huuhuh
We were just kidS Huuhuh
We were just kids
It is what it is we were good for life
Because my days were made to get up and love
Pushing pedals on the road under pelican suns

Wishing I never woulda moved out from that town
But it's done (yeah) it's done
Yo the chain link fences tried to border me up
You got an ice cold soda better order me one
And always tune your life to the beat of the drum
Before you're old and wise gotta be young and dumb
We were passing time getting high with our best
friends
Livin' life, eatin' right, learnin' lessons
Didn't need no struggle we were good for life
We didn't need no place to rest our awfully burdened
heads
Back then the air was fresh and we were good for life
Yeah come on come on
We were just kids huuhuu
We were just kids Huuhuu
We were just kids Huuhuu
It is what it is we were good for life
We were just kids Huuhuu
We were just kids Huuhuu
We were just kids
It is what it is we were good for life
We were just kids Huuhuu
We were just kids Huuuuu
We were just kids
It is what it is we were good for life
