Even if the rain falls down on you,
Even if the sky is not so blue
I will be there
I will be there for you!

If you're looking for a falling star
Stop searching, you don't need to look so far
I will be there,
I will be there for you

We were there, you hold my hand
You didn't care what people said
Our life is one, just you and me!

Chorus:

You and me that's all I need
You and me that's all I dream
You and me that's all I ever wanted
