Don't ever tell me how to move.
I'm not saving up for you.
Do you live here, do you pass thru?
Because i am a rock band every day,
Every day, Every day

Chorus:

And i'm never gonna give up
the ghost
never give it up
Rationalize it away
No i'm never gonna give up the dead
that you want me to
but i'm full of surprises
and i'm one step closer

Marching steady never shaking,
Red army on the way.
even in these austere,
lonely offices of love where i stay-
Of love where i stay

Chorus

I wanna show you what it takes
to move mountains, make the earth shake when no one
here believed that you could- it's not that we did,
it's that no one else would.
