Got a lot on my mind changing  
Had friends now they are strangers  
I see a lot, I see a lot through my eyes.  
I wanna run from the war love wages,  
I wanna hide but I knew the dangers.  
So I sigh a lot, I sigh a lot,  
But I don't cry

Take my hand  
Love is the catalyst  
Understand  
It flows between all of us  
Feel the band  
They're trying to tell us that it goes like this:

Love goes  
Love goes  
Love goes  
Love goes  
Like this  
Like this  
Like this  
Love goes love goes

I knew a man he was so afraid to let down  
The ones he loved  
He forgot they needed him around  
He gave up a lot, he gave up a lot in his life.  
He wanna run from the wars love wages  
He wanna hide but he knew the dangers  
So he sighs a lot, he sighs a lot  
You won't see him cry

Take my hand  
Love is the catalyst  
Understand  
It flows between all of us  
Feel the band  
They're trying to tell us that it goes like this:

Love goes  
Love goes

Love goes  
Love goes  
Like this  
Like this  
Like this  
Love goes love goes

Close your eyes  
Kiss me goodnight  
I'll send all my love to you  
I'll be true.

Love goes like this.
