Tell me am I wrong girl
For being a fan of yours
That's why I'm singing this song girl
And I wanna take you on tour

Maybe you can give me backstage passes
24/7 open access
Headline you can be the artist
One night you can be the star just
Know that I'm a fan from afar that
Loves you and really thinks your perfect
Now that it's all on the surface
I just need to let you know that

Girl it's all about U (x8)

It seems, that we must be trading places
I am a fan of yours and to you I am just faceless
Face it, I probably ain't the first to say this
Really, I loved you when you used to tape shit
But still, I feel you're getting even better
My friends tell me you made it and I said you won't
forget us
And if she came on stage to take my heart I would just
let her
Staring into this crowd thinking here is where I get her

Maybe you can give me backstage passes
24/7 open access
Headline you can be the artist
One night you can be the star just
Know that I'm a fan from afar that
Loves you and really thinks your perfect
Now that it's all on the surface
I just need to let you know that

Girl it's all about U (x8)

I've been searching for so long
That when I find her it's gonna be all about you
But for now

Imma keep searching

Is she on the left?

Is she on the right?

Is she in the middle?

Is she on the bottom?

Girl it's all about U (x8)
