Put your heart in it
You can go the distance
Me and you against the world (me and you against the world)

Sky is the limit
Push to the finish
Me and you against the world

We did it for love
We tried and we won
We'll never give up
It's me and you against the world

What I know, right now
Is I came, so far
To my heart, you got a key
I was lost, then you found me

Through all the glamor
Of the lights and the cameras
Honestly all you saw was me

You didn't care what they said
Stood by me instead
Together we're a stronger team, Oh

Put your heart in it
You can go the distance
Me and you against the world (me and you against the world)

Sky is the limit
Push to the finish
Me and you against the world

We did it for love
We tried and we won
We'll never give up
It's me and you against the world

I know, from my dreams
They say, I'm crazy
No matter what, when you're around
It feels, like we both are

Certain it's the real thing
Nothing beats the feeling
Only our hearts can know

Who cares what they say?
They can't get in our way
Two dreamers just dreaming on

Put your heart in it
You can go the distance
Me and you against the world (me and you against the world)

Sky is the limit
Push to the finish
Me and you against the world

We did it for love
We tried and we won
We'll never give up
It's me and you against the world

Oh-Oh-Oh, Oh-Oh-Oh
Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh
Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh

Oh-Oh-Oh, Oh-Oh-Oh
Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh
Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh

We fight together
We're down forever
Me and you against the world

We stick together
And it gets better
Me and you against the world

Put your heart in it
You can go the distance
Me and you against the world (me and you against the world)

Sky is the limit
Push to the finish
Me and you against the world

We did it for love
We tried and we won
We'll never give up
It's me and you against the world

Put your heart in it
You can go the distance
Me and you against the world (me and you against the world)

Sky is the limit
Push to the finish
Me and you against the world

We did it for love
We tried and we won
We'll never give up
It's me and you against the world
