

Orbison Roy "Walk On"

Visit "[Walk On](#)" on MotoLyrics.com

Walk on, if we should meet
Walk on, on down the street
Walk on, and don't even look
Walk on, close up the book

We don't want the world to see us like we are
We should never have even gone this far
Quickly brush away that teardrop
Walk away, darling, don't stop
Don't look back for me
Baby, walk on

Walk on, don't turn around
Walk on, to higher ground
Take the love we've shared together
Keep it in your heart forever
Don't forget me
But, baby, walk on

If you ever loved me
Baby, walk on
