Programmed to move  
On the paths that they've defined  
Swinging to the tired groove  
Played in common time  
If you're in luck  
There's a purpose you might find

Don't stand aside  
As life passes by  
Listen through the noise in your mind  
Can you hear the screams  
Of suspended dreams?  
Listen to the voice in your mind

Light changes hue  
Don't want to be left behind  
Someone to join you in the queue  
Before you run out of time  
And tell yourself  
The road ahead is fine

Don't stand aside  
As life passes by  
Listen through the noise in your mind  
Can you hear the screams  
Of suspended dreams?  
Listen to the voice in your mind

Hey! There's been a mistake  
These words don't rhyme no more  
Lost in a sea of mediocrity  
Chasing Atlantis  
How could we not foresee  
Life would come to this?

Don't stand aside  
As life passes by  
Listen through the noise in your mind  
Can you hear the screams  
Of suspended dreams?  
Listen to the voice in your mind

Don't stand aside  
As life passes by  
Listen through the noise in your mind
