

Rainy Boy Sleep "Yours Truly"

Visit "[Yours Truly](#)" on MotoLyrics.com

I like when your shadows creep
No light and still no sleep
At last the trumpets sing
You me and everything

The romance is not in my heart
You won't tell me apart
When you look from the street
Much too discreet

I love everything about you
It's so seldom I will tell you
I love that you never answer
RSVP my letters
You stopped breathing last December
If you're shy
Well, that's fine with me

Sorry that was my mistake
Surges in the heart
Rate yourself from one to ten
Come last and start again
My friend Julie
I am yours truly
Your a little unruly
But I like that

I love everything about you
It's so seldom I will tell you
I love that you never answer
RSVP my letters
It's not like you killed the embers
There's hope as far as I can see

So content with my best friend
Keep you here until the end
Hold you dear
I won't pretend
