DEEP DIVE

at last, my blue
out of my head
no gravity no true
everything is said

I donâ€™t see the sky
I donâ€™t feel the air
just want to go
So sick of stare

let me go down
see the beauty I found
as deep as I stand
the light will fades out

my time has come
I donâ€™t feel my eyes
I donâ€™t feel my soul
just heart beating

please turn off the light
let me sleep now
I reached the bottom line
let me sleep now

please turn off the light
let me sleep now
I reached the bottom line
let me sleep now
please turn off the light
let me sleep now

please turn off the light
please turn off the light
