Ima Stay Anonymous
To Study my Anatomy
No need to know About Me
Never know the Whereabouts
About my Database
A GPS to Navigate the Modern Day

[Verse 1 RaKalid]

My intellectual is sectioned into many segments
As precious as my rhyme is I keep them all anonymous
To purify my essences eliminate the rivalry
Cause they hurting me. I give them all of everything
The love with no condition and they stealing trying
To rob me For that I give them props
Cause I give them all a lot
They thinking that my kindness will manipulate my
weakness
Then I give you all a warrantee I guarantee you flop
Benefit of Doubts is only good for so long I validate
improvements
But suddenly you clueless all you do is prolong
I wonder why your blueprints structural analysis
Is never even close moderate No charges left in battery
I question if you want it when I gave it
You ain't take it just evacuated scenery
I don't trust them obviously cause all they do is bother
me
So now I'm vibing with Bobby Marley
Cause his little is a lot of it
Ay Yo

[Verse 2: Chino Vegaa]

Ay Yo.. Ima be Anonymous Cause Iâ€™m a True Artist
Show them where my heart is express a different part
of me
Free Living Driven by the vision And with that type of
Focus..
Itâ€™s hard for me to Listen notice the mental prison
Plenty donâ€™t pay attention slip in the Message
Without a mention ignorant Intervention
Let me spread the infection start in a little section
Then slowly keeps spreading influence for my Brethren
Iâ€™m trying to make it that itâ€™s better than it was
Something other than Gangsta Rap I see traps got to
watch that step
Lost without trying you def (definitely) getting left
Iâ€™m One of the blessed Follow the quest without
question
Open Mind. Knowledge turns into weapons
So, when I write itâ€™s low key under a different alias
So you donâ€™t know itâ€™s me
Ayy.. Yo
