She's a car broken down out on the highway  
She's a good little girl but her daddy don't know  
I said my bed's just a moment away  
She stops herself  
She holds herself  
And she shakes her head  
She said I'm all alone in this town  
Gonna buy myself some brand new things  
Gonna get myself together  
Gonna break myself and take myself to some other  
time  
Brand new dress brand new shoes brand new cup of  
tea  
Don't hurt yourself don't burn yourself don't fall down  
on your face  
I made my bed I'm gonna sleep in it  
But I'm gonna get myself some clean new sheets

Baby come back  
Make yourself whole  
Baby come home  
Choke the medicine down

Water well  
Watch me walk  
Come wash me away  
I think I hurt myself and cut myself some other day  
She said don't think it's no good for it all  
Some days are good  
Some days are bad  
Most days you can't wash it off

Baby come back  
Make yourself whole  
Baby come home  
Choke the medicine down

Baby come back  
Make yourself whole  
Baby come home  
Choke your medicine down  
Choke the medicine down

Choke the medicine

Down
