All that glitters
Is not gold.
So don't believe everything
You've been told.
And take a chance on being strong
'Cause they'll destroy you
If you're wrong.
[chorus]:
Only lovers act this way...
You see.
Only lovers are so free.
All your friends
Are here tonight;
Never ones to miss a fight.
They are repulsed for what you've done...
'Brings in the darkness
When they've gone.

I will die here,
Next to you.
I would make your dreams come true...
There's so much,
I had to say...
I got lost,
Along the way.
All that glitters
Is not gold.
So don't believe everything
You've been told.
