See it in your eyes,  
Feel it in my head,  
Feeding me your pain,  
Falling out again.

Small strong blow.  
Small strong blow.

See it in your eyes,  
Feel it in my head,  
Feeding me your pain,  
Falling out again.

Small strong blow.  
Small strong blow.

Done the same old route before,  
Leading us to angry shores,  
Insecurities await,  
Confusion hurting us again.

Let's fight and talk.  
That's it... fight and talk.  
Let's fight and talk.  
That's it... fight and talk.

You start to shout,

You give it, bring it out,  
We scream and pout,  
Reacting, feeling doubt,  
We're testing weight,  
What's it all about?  
It takes the blame,  
While we shout it out.  
Let's start again,  
And try to talk it out.  
Let's fight and talk,  
Let's start something else.

Meeting on the way,  
Excuse this reach in time,

Got sunshine on my mind,  
Can finally hear your face in my mind.  
Seen it there before,  
If you only knew my mind,  
Excuse me perfectly,  
My world will reach in time.
