Save it for the next time  
Hands over my head  
Faintest sound of lightning  
Faintest sound I heard  
I'll never, no no  
I'll never

All around my body  
All around my feet  
Please they are watching now  
Placed around my feet

All around my body  
Please they are watching now

Save it for the next time  
Hands over my head  
Faintest sound of lightning  
Faintest sound I heard

I'll never, no no  
I'll never  
I'll never, no no  
I'll never

All around my body  
Please they are watching now
