Getting hot and heavy.
We are in a trance.
You heat it up.
And the music's making it hotter.
Take your time.
We'll get to know each other.
Because in time we'll be doing it.
Getting with the heavy
Someday we'll say.

CHORUS

We're in the cadillac.
Love shack baby.
Touch me in ways never before.
We're in the cadillac.
You're pushing it to go.
Making the car move.

Use your mind.
Forget your body.
Forget everything.
Concentrate time.
We'll go farther.
Someday in time.

CHORUS

We're in the cadillac.
Love shack baby.
Touch me in ways never before.
We're in the cadillac.
You're pushing it to go.
Making the car move.
With our bodies incline.
