One, two, one, two, three, go!

Verse 1

Stop there,
Time's up,
Must shut the fuck up!
Might just rip through,
Kill you one shot!
Now there's,
No speech!
This word
Might be your last, I'll break you down bitch!

Chorus

Don't fight the fear within you,
Fight it within your mind,
Rip free the light that binds you,
See through the fear that has left you inside!

Verse 2

These hands, your blood,
I'll feel your pulse rip through the inner side of me!
Can't scream,
Can't take!
The hate away,
I'll drain the blood my soul can't take!
I'll break you down bitch!

Chorus

Don't fight the fear within you,
Fight it within your mind,
Rip free the light that binds you,
See through the fear that has left you inside!

(Left you inside) x3

Chorus

Don't fight the fear within you,
Fight it within your mind,
Rip free the light that binds you,
See through the fear that has left you inside!

Don't fight the fear within you,
Fight it within your mind,
Rip free the light that binds you,
See through the fear that has left you inside!
