If you were born in Heaven, girl  
I'd understand so well  
But ever since I've met you child  
You've made my life such Hell

With every day that passes  
I fall nearer to the ground  
It seems that I've been looking for  
Something that won't be found

I was only dreaming  
I was only trying to catch your eye  
I was only wishing you would notice me  
Instead you said goodbye

Could this be the new answer then  
To all the dreams we've made  
Could there be some solution please  
To rid me of this grace

But every single second that  
You held me in your arms  
You build me up, you raise me up  
You kill me with your charms

I was only dreaming  
I was only trying to catch your eye  
I was only wishing you would notice me  
Instead you said goodbye

Would you stay with me tonight  
Won't you make these feelings last  
Can we start this all again  
Would that be just to much to ask

I was only dreaming  
I was only trying to catch your eye  
I was only wishing you would notice me  
Instead you said goodbye

I was only dreaming  
I was only trying to catch your eye

I was only wishing you would notice me  
Instead you said goodbye
