She walks real slow
Talks like an animal
What am I
Supposed to do

I've tried to explain
My heart's not a radio
I can't seem
To get to you

Face to face
Tears on a heart of stone
When she talks
I walk away

It seems to me
It's just a waste of time
These are words
I know, she's heard before

She's the girl
Guess, I'll always know
And I've tried, I've tried
She always seems to know

The morning after
The night before
I haven't slept
For worryin'

I know, I promised
To come see you
But now I have these
Things to do

All in all, it seems to me
You don't understand subtlety
Shall I make it obvious?
Do you really want me to make it up?

She walks real slow
Like an animal

What am I
Supposed to do

Her bedroom talk
Cuts like a razor blade
Every test
To put me through

She doesn't talk
For days and days
And when she does
She always says

That I act real slow
Behave like an animal
What am I
Supposed to do

And I've tried, I've tried
I just can't let her go
I've tried, I've tried
But she always seems to know

We don't make sense
Love and violence
We don't make sense
Love and violence

We don't make sense
Love and violence
We don't make sense
Love and violence
