Hands over my head
Faintest sound of lightning
Faintest sound I heard

I'll never, no, no
I'll never

All around my body
All around my feet
Please they are watching now
Placed around my feet

All around my body
Please they are watching now

Save it for the next time
Hands over my head
Faintest sound of lightning
Faintest sound I heard

I'll never, no, no
I'll never
I'll never, no, no
I'll never

All around my body
Please they are watching now
