If there's one thing I know
Things are gonna change
There's gonna be a different ending
Though I'm not one to complain

But there's never been a right time
And we've never been too far
But you're the only single thing I know
That's holding back my heart

Take your kiss from my mouth
Take your heart from my heart
This will never happen again
You know that your promises
Won't last for one day
God knows it's a shame
But it's always the way

And the second time
Just wouldn't be the same
But you're changing with your faces
And you're gonna be lost again

If you're with or without me
I've made up my mind
Well, I'm hoping and praying
But you're running out of time

Take your kiss from my mouth
Take your heart from my heart
This will never happen again
You know that your promises
Won't last for one day
God knows it's a shame
But it's always the way

Take your kiss from my mouth
Take your heart from my heart
This will never happen again
You know that your promises
Won't last for one day
God knows it's a shame

But it's always the way

God knows it's a shame

But it's always the way

Oh, God knows it's a shame

But it's always, it's always the way

God knows it's a shame

But it's always the way
