In the club when I enter, head for the center,  
Shocked with ya man but I swear I never meant to  
Straight to the bar is where I'm tryna get to  
Get my deal, do ya get my deal  
Buy me a drink that sounds ideal  
I'm skank til the sun comes up I will  
Damn gyal dem on a hype better calm down chill,  
Better calm down chill, better calm down chill

Yeah we bubble in the club and it's  
Alrite still  
All da man dem show us love and it's  
Alrite still  
Some gyal are throwing up and it's  
Alrite still, yeah it's alrite still, yeah it's alrite still  
[x2]

Everybody here put your hands above ya  
If you're here to have fun back your jackets off ya  
Raise your drinks up high then flash your light  
Let us know that you're feeling alrite  
[x2]

Grab a few drinks and it's  
Alrite still  
Go get a few links and it's
