VERSE 1

What was it sitting for - looking into what was - the
other one - you layed it down - and then you forget -
that you did - I want you to have to face the facts - you
gotta be real for yourself - and I can't believe you
hurt me - I'm trapped - the status - the hours - your
stroking me - and making me feel good - and now that
you are there and ready for what you scared - of -
music saying the same thing - you prepared- and not
prepared -

Chorus :

Sold off - and touched off - called off - caught up
rocked out - and talked up - your messed up -
and tied up - and fry'ed up - its Friday - or another day -
you blinding - you realer - you player - you that one -
sold my heart

VERSE 2

What was in the building - closet to the fulling -
that you glide in the past - and you won't last - but
you - you tried - that - you watched out - you gamble -
you living in your living room - for another dude -
basket up into the laundry - the foundry - the stalking
me -

Chorus :

Sold off - and touched off - called off - caught up
rocked out - and talked up - your messed up -
and tied up - and fry'ed up - its Friday - or another
day - you blinding - you realer - you player - you that
one - sold my heart

VERSE 3

Now how do you expect me too? - walk into the closet
without a door stopper - the popper - how you popped -
without talking first - you see what is worst - you acting

- I'm acting - we're acting - the paper - gonna check
her - and test her - and know this - and notice
Chorus :

Sold off - and touched off - called off - caught up
rocked out - and talked up - your messed up -
and tied up - and fryed up - its Friday - or another
day - you blinding - you realer- you player- you that one
- sold my heart
