#### Verse 1:

Please now that you - you are not here - you are - in the  
past - now you can be glad - that you are glad - to be in  
the statement - now for the replacement - you gave me  
the silent treatment - for the block so cold - now you  
canâ€™t wake up from your dream - from what you  
believe in - now lift on up

#### Chorus:

Watching telling me too forget - you rideâ€™ing  
something not something - you rocking up backwards -  
I let you stay - you let him play - now Iâ€™m gone say -  
and you gone play - you working on exits - you are now  
his - you are now herâ€™s

#### VERSE 2

Highly - not mad at my self - so the words - are in this  
space - and wonâ€™t be replaced - the face - you gave  
- and let - these words- leave you crucial - guilty  
conscious - and they are in the street - or should I say  
car - picking at a far - let me love you

#### Chorus:

Watching telling me too forget - you riding something  
not something - you rocking up backwards - I let you  
stay - you let him play - now Iâ€™m gone say - and you  
gone play - you working on exits - you are now his - you  
are now herâ€™s

#### VERSE 3

Working on my avenue - should've of received a clue -  
and your mark and you are not broken - choke'n - on  
your last words - are you? - and now that I fess up - I  
wonder is it something - I should be under arrest for -  
now that you are so real and you never lie - cause you  
that real

Chorus:

Watching telling me too forget - you riding something  
not something - you rocking up backwards - I let you  
stay - you let him play - now I'm gone say - and you  
gone play - you working on exits - you are now his - you  
are now her's

VERSE 4

Now with the graphic - of the actions - that I don't  
show - and I won't show - let the carpet role - but  
you can't understand - what you were - so satisfied  
- with the color of the rain - but you never sleep more -  
when it rains - that's the pain left in my heart - I did  
nothing wrong - now here's the argument  
Chorus:

Watching telling me too forget - you riding something  
not something - you rocking up backwards - I let you  
stay - you let him play - now I'm gone say - and you  
gone play - you working on exits - you are now his - you  
are now her's
