#### VERSE 1

Soon as I gave you - the wave in the minute of what was  
not real - and that you filtered - and youâ€™™ re so close  
- to what I wanted to be on - and you were not a  
changer - and were in the minute seconds of - what I  
wanted to do - was take the vile into my room -

#### CHORUS

Vile in my room 16 X

#### VERSE 2

You were about to get antiseptic - but then you figured -  
that you can be the shit - and you were in the shaking -  
like you had Parkinson - yo mom I parked your son - we  
will see when it's dark and we like to ride at night - and  
that vile - gone turn the dial - and make it file -  
bligetetetetete blaw!!!!!!!!!!!!!!

#### CHORUS

Vile in my room 16 X

#### VERSE 3

You are in the nature - of the world wind - and you can  
think that - lâ€™™ m going to be blinking - what the hell  
were you thinking - looking at me - lâ€™™ m not like that -  
your just the reason why Devon - cant here his voices -  
from his mind - now youâ€™™ re doing it fine- until I  
exploded - with the muthafucking got damn vile

#### CHORUS

Vile in my room 16 X
