All The Same

There goes the day, oh what a shame.
It's OK, that's all the same.
It's alright, it's OK, because the night is just another
day.

oooh there's the night, oh what a shame.
It's alright, that's all the same.
It's OK, it's alright, because the day is just another
night.

Oh when you came back from the scene it's true, you
brought a melody.
Oh I know it's hard but you stay with me, oooh ooh,
we've got a memory.

Oh there's the day, oh what a shame.
It's OK, that's all the same.

we've got a memory.

oooh oooh oooh oooh ooohoo
oooh oooh oooh oooh ooohoo

Oh when you came back from the scene, it's true, you
