Surrounded by the fence I used to fall into
Now you undress my mind to see
My heart is taken over
I'm feeling weightless
Like times you hold me

I'm passing out
Don't let me see
When my heart is taken over

Nothing's gonna change how I feel for you
Staring at your page
Hearing girls talk too
You echo every heartbeat lost
Now I'm lost at the border (x2)

(Instrumental Chorus)

Surrounded by the fence I used to fall into
Now you undress my mind to see
My heart is taken over
I'm feeling weightless
Like times you hold me

I'm passing out
Don't let me see
When my heart is taken over

Nothing's gonna change how I feel for you

Hearing girls talk too
You echo every heartbeat lost
Now I'm lost at the border (x2)

(Instrumental Chorus)
