

Rebecca and Fiona

"Union"

Visit "[Union](#)" on MotoLyrics.com

Restless friending over streets, controlled by blank
minds

Burning everything we built, afraid to shout out
Big boys making us believe, for save a dream life
Leaping weak in friends in lead, to raise a union

We used to own this town, share ur hearts for better
When they hear us stun, we take it back together

We dont wanna fall
They're taking down us all
Dancing in the sun
The sound is like a shotgun (x2)

Restless friending over streets, controlled by blank
minds

Burning everything we built, afraid to shout out
Big boys making us believe, for save a dream life
Leaping weak in friends in lead, to raise a union

We used to own this town, share ur hearts for better
When they hear us stun, we take it back together

We dont wanna fall
They're taking down us all
Dancing in the sun
The sound is like a shotgun (x2)
