Marzipan

Gimme what you take, don't let it break, this situations
come back, Â
and it's coming, oh it's coming way too fast
Would you dry your tears, don't let your fears, take
over what you Â
want, i'm making sure your head won't drag across my
lap
There was time tonight, did ya get get it right, think
over what you Â
done. You got yourself, it seems that's all you'll ever
want.

My soul hates my mind x3

It's a lonely view, when your looking through these tired
eyes of Â
glass, you gave your help now take your help and kiss
my ass
When he came to me, devil set me free, his purpose
ever present, now Â
he's taking what I take from all the rest
There was time tonight, did ya get get it right, think
over what you Â
done. You got yourself, it seems that's all you'll ever
want.

My soul hates my mind x 4
