Everything we had, gone in a glimpse of an eye.

After all we've been through just try me one more time.

Don't waste my patience on your empty words.

I'll make sure that you'll keep your mouth shut.

So cheap to talk when I'm not around.

Don't even pretend to know what I'm about.

There's nothing left for us anymore.

You turned your back and now you'll get what you chose for.

It's too late to show any remorse.

No time for second chances, all my trust in you is gone.

Nothing left of everything that we once had - Fuck you.

Face the silence, to me you're fucking dead.

I've always been there for you.

It always used to be, us against the world.

Now I don't give a fuck about what you do.

Cause you will get what you deserve.

Our time is done and I don't give a shit.

So say your prayers and deal with it.

There's nothing left for us anymore.

You turned your back and now you'll get what you chose for.

If you've got something to say, say it to my face.

I don't care that we go way back. This is where we split
our ways.

Nothing left of everything that we once had - Fuck you.

Face the silence, to me you're fucking dead.

You'll never see me hold any regrets.

Couldn't care less for all the things that will never be.

Don't even think about ever coming back.

You'll only see

You're dead to me.

Dead to me.

You'll only see

You're dead to me.
