They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do

And when they call me dat  
Then i get de bass out  
Everybody shock out  
And wine up to de Rednek sound  
Inna de dancehall  
We gon sweat like fat gyal  
Riddem it go louder  
When i hear them holla my name

They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do  
They call me Rednek, Rednek

Back in the day when i said i would grow  
There was nobody that wanted to know oh oh  
So everyday i struggled to try  
(Tell them Why)  
Well everytime that i do my ting  
Everybody puts their hands up and sings  
Rednek is 'bout to explode  
Well lorda mercy I

This is what i want to dream  
I want you to say my name  
Everybody in the place  
They call me Rednek

And when they call me dat  
Then i get de bass out  
Everybody shock out  
And wine up to de Rednek sound

Inna de dancehall  
We gon sweat like fat gyal  
Riddem it go louder  
When i hear them holla my name

They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do  
They call me Rednek, Rednek  
(Rednek)

Now everytime that i do my ting  
Everybody puts their hands up and sings  
Rednek is bout to explode  
Well lorda mercy I

This is what i want to dream  
I want you to say my name  
Everybody in the place  
They call me Rednek

And when dey call me dat  
Then i get de bass out  
Everybody shock out  
And wine up to de Rednek song  
Ina de dancehall  
We gon sweat like fat gyal  
Riddem it go louder  
When i hear them holla my name

They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do  
They call me Rednek  
And not know what to do  
They call me Rednek, Rednek, Rednek
