Boiling blood in my brain
Nails are cutting through my hand
I'm the well of their pain
To these spies I won't surrend

Corrupted visions of an upcoming future
They spit false words above my face
Somebody is looking for you out there
It's all bullshit Where's my grace

Can't stand a rock crossing my ways
I'm going mad with all this

RAGE is following me around
LIES are truths that I have found
STARE in front of me and die
Spies are watching me

STEPS are sinking in the floor
DREAD I'll feel it nevermore
BLOOD is spread all on the carpet
These lies are riving me

I see skulls crushing between my fingers
Spreading horror up ahead
These scenes vanishes into thin air
This amount of rage just drives me Mad

We are the chosen to follow patterns
From our birth until our death
But this fool order, for me seems crashed
When I get up wrong from my bed

Can't stand a rock crossing my ways
I'm going mad with all this

RAGE is following me around
LIES are truths that I have found
STARE in front of me and die
Spies are watching me

STEPS are sinking in the floor

DREAD I'll feel it nevermore
BLOOD is spread all on the carpet
These lies are riving me
