I don't even know you, you caught my eye from way
across the room and I
Know that your bad news. I know I'm playing a game I'm
gonna lose. There's
Something in the way you look tonight, it's got me so
damn hooked, and I
Don't even know your name.

Your body is addictive, you know you got me twisted.
And I ain't gonna let
Go, your rocking my world. Your body's explosive, and I
don't think you
Know it. You got me blindsided, I can't deny it, your
body is addictive.
Your body is addictive.

Time to get excited, I can feel your body close to mine,
gonna get my
Sweet, sick fix.
And I know your gonna blow my mind. There's
something so completely wrong
About the way you turn it on. I still don't even know your
name.

Your body is addictive, you know you got me twisted.
And I ain't gonna let
Go, your rocking my world. Your body's explosive, and I
don't think you
Know it. You got me blindsided, I can't deny it, your
body is addictive.
Your body is addictive.

I could be your hero, you could be my heroine,
Yeah you know it's time to go,
Imma take you where you never been.
I can be your hero, you could be my heroine,
Yeah you know it's time to go,
Imma take you where you never been.

Your body is addictive, you know you got me twisted.
And I ain't gonna let
Go, your rocking my world. Your body's explosive, and I

don't think you
Know it. You got me blindsided, I can't deny it, your
body is addictive.
Your body is addictive.
