I woke up this morning
And I couldnt find the words to say
For the questions youre asking
Cause I dont even know where I am today

Cause shes been taken prisoner for the weekend by
her boyfriend
God he just landed on his flight from LA
Give or take? Its a tricky situation
Should I let it go or should I save the day?

It feels so heavy
Like a freight train hit me

I woke up this morning
And I couldnt find the words to say
For the questions youre asking
Cause I dont even know where I am today

Cause shes been taken prisoner for the weekend by
her boyfriend
God he just landed on his flight from LA
Give or take? Its a tricky situation
Should I let it go or should I save the day?

It feels so heavy
Like a freight train hit me

Do we really know if we can be together?
Love is kryptonite cause it dont last forever
Sometimes you gotta give up the girl to go save the
world

I wanna be your Superman cause youre my Lois Lane
But when the lights come up and theyre calling my
name
Sometimes you gotta give up the girl to go save the
world
To go save the world

I tried to get away as soon as I could

Then I heard her call my name like I knew that she
would
I grabbed her by the hand and I wouldn't let go
10 stories high, a fire burning below
Then I saw the flashing lights and I heard the crowd
I knew there was a stage and it needed me now
It ain't the life I chose, it's the life that chose me
If you love someone then you gotta set them free

It feels so heavy
Like a freight train hit me

Do we really know if we can be together?
Love is kryptonite cause it don't last forever
Sometimes you gotta give up the girl to go save the
world

I wanna be your Superman cause you're my Lois Lane
But when the lights come up and they're calling my
name
Sometimes you gotta give up the girl to go save the
world
To go save the world

If you're alone, why don't you pick up your phone?
If you've got nothing to hide, why do I feel so alone?
You're trying to hide what you think I can't see
I left you with a villain and it should be me

It might sound crazy
But it just dawned on me
Nothing good comes easy
This is how it should be

Do we really know if we can be together?
Love is kryptonite cause it don't last forever
Sometimes you gotta give up the girl to go save the
world

I wanna be your Superman cause you're my Lois Lane
But when the lights come up and they're calling my
name
Sometimes you gotta give up the girl to go save the
world
To go save the world

Sometimes you gotta give up the girl to go save the
world

I wanna be your Superman cause you're my Lois Lane
But when the lights come up and they're calling my

name

Sometimes you gotta give up the girl to go save the
world

To go save the world
