Can't seem to take
Your picture off the wall
We've been apart
For way too long
And I never thought it'd be so hard
I need the strength to carry on
Here comes one more
Sunset without ya
Are you seeing what I see?

Just like a spark
A spark on the blue
The stars remind me of you
Just like the night
Making it's debut
You know stars
Remind me of you
Stars remind me of you

Your voice is kind
And now here on the phone
There's so much that I gotta say
Need you to know I want you in my arms
And I'm just counting down the days
There goes one more
Midnight without ya
Are you seeing what I see?

Just like a spark
A spark on the blue
The stars remind me of you
Just like the night
Making it's debut
You know stars
Remind me of you
Stars remind me of you

Can you remember when
We'd wake up, make-up
Pouring down your face
You'd wanna break up

Over silly things

Oh oh oh, no no no

Now you call me
In the dead of the night
Tell me that you're
On the next flight home

Just like a spark
A spark on the blue
Stars remind me of you
A beautiful night
Making it's debut
You know stars
Remind me of you

Just like a spark
A spark on the blue
The stars remind me of you
Just like the night
Making it's debut
You know stars
Remind me of you
Stars remind me of you
Stars remind me of you
Remind me of you
