Chorus:

passing drinking holding with these niggas - got the
game lock for year we veterans been making music
since 1996 - now in the windows- so smoking indo - just
you - in the room - in the outcome - in the danger - how
you behave -

Verse 1:

Muthafuckas acting out a'gin - in the rumor that he got
dropped at school - and then you obey - in the world of
the soul - but wont get up - from what ever they found
out - and then in the complete - fallacy - in the room in
the dark - in the shot in the dark - in the pool hall - in the
gamble - in the over rated - you just missing - now that
good feel - in the portal - you trying to support me - but
it wont help - when I get so dirty - banging fucking hard
- like I was ugly - now picture this

Verse 2:

That's in the muthafucking non-sense that you
talking - in the cold game - where somebody gotta be
told what goes on in school - just like they title - now in
the rival - for the street life - or should I say all school
life's aint included in they street life's - now
recite - we don't want no more - in the close - in the
mood - and then you can think I care - I'm on some
other - shit - now you just behave in the willow - in the
bridge of the outcome - and you just follow - watching
sneaking watching - and you can just stop - and then
you think about it - that's on my moments

Verse 3:

In the post - we get most - the ghost - you open yo
mouth and they roast you - to your face - behind my
back - "supposively" - then you can think that - and they
are in the room - and they can get the boom - or what
ever that song was called - now you gone ball - and you
gone fall - and then file - and then child - and then

when we get a - A you can be with someone else - and
now you gone play.
