VERSE 1:

What she expected - I'm un'located- whip's get
detected- some type of fucking "effection"- if things
were more solid- I should just pass- now I'm
recollecting - turns on learn - ducking fucking around
with Devon - still on your toes - next will be sold - watch
as I unfold- ass will be hold- watch muthafuckas that
you don't know- oven roasted only equipping leave so
fence less.

CHORUS:

OHH I THINK THAT I SHOULD LET YOU KNOW-
THAT WE CANT GO ON
IF YOU WERE THAT REAL
THEN ME & u will still be on the deal
Oh you should' not have told-
I tried to keep you real
But you the one who out who gone

VERSE 2:

Lets just creep into what was manifested - open wasted
- choosing breathless - under what I cherish - and
managed hall work's - I choose you first- and now that I
don't care - this will be what a fantasy- will get you
fucked up - now I'm not even stuck up - you and me
still kick it good - you are the muthafucking shit to me-
the muthafucking shit was good- let me open you up-
and you can changed.

CHORUS:

OHH I THINK THAT I SHOULD LET YOU KNOW-
THAT WE CANT GO ON
IF YOU WERE THAT REAL
THEN ME & u will still be on the deal
Oh you should' not have told-
I tried to keep you real

But you the one who out who gone

VERSE 3:

I wanted what was on "expection"- to my detection- you
were perfecting the game- making me so close frame-
glassed out- instances- talked about- it's solid just
grasp- I'm looking at your crash texture- stroking
me so easy- and teasing and making me so breezy-
lover opened up the doors- now I see what it's going
for.

CHORUS:

OHH I THINK THAT I SHOULD LET YOU KNOW-
THAT WE CANT GO ON
IF YOU WERE THAT REAL
THEN ME & u will still be on the deal
Oh you should' not have told-
I tried to keep you real
But you the one who out who gone

VERSE 4:

Your on my travel " I like the way we hit the gravel-
the actual- tile move- got the crowd like crowded- your
not solid - I doubt it- I like the way your clouded-
moving demonstrated- dipping talking to ladies- move
into the thoughts past- ducking fucking around with
Devon " innocents get token hard " breaking out
my cash back card.
