Chorus:

They talking and moving with them " in the block the changer - you was the one who needed what you needed - but I can peep they talent " in the way that you behave - you just over seer- but wont never be - what do I ask of you " your so real and talented!

Verse 1:

Bitch fuck your focus - the joke was " leaving you hopeless - like two sheers- in the path of nigga that wont be real " curtains up and sending niggas threw drills- the caught case but don't see real " the sleep in your eyes - you now realize- in your disguise- but muthafucka I role talented all day - I read between the line s- that nigga you ain't fine- you fucking with dirt " you gonna lose your mind- now the tables getting turned for what the never learned.

Chorus:

They talking and moving with them " in the block the changer - you was the one who needed what you needed- but I can peep they talent " in the way that you behave- you just over seer - but wont never be- what do I ask of you " your so real and talented!

Verse 2:

What I done in my life I fucking earned - now it's your turn " but I burn bridges - and smoke case living- ducking all abandoned building " your case " to get your hate artillery " I'm in the distillery " in your thought you be fearing me " what was in the journal " my heart getting colors- you on that other- you and your mother- all them haters - like to stop talent " I like ballet class's " in my fucking ballot " you could get into the passion " ducking teasing look I'm not asking

Chorus:

They talking and moving with them " in the block the  
changer - you was the one who needed what you  
needed - but I can peep they talent " in the way that  
you behave - you just over seer- but wont never be-  
what do I ask of you " your so real and talented!

Verse 3:

In the worst way should of never did that in the first  
place - I love you - Like My birthday  
now we can get the sent to ride not pathetic - so  
conjure up " in the next one - you just done - for what  
I seen " I don't believe in hate- the date in the  
debate- in which you watching " on the notches- this  
regardless devon victory " now that we can get the  
temple - you just simple

Chorus:

They talking and moving with them " in the block -  
the changer - you was the one who needed what you  
needed - but I can peep they talent " in the way that  
you behave - you just over seer- but wont never be-  
what do I ask of you " your so real and talented!

Verse 4:

Now in the way you realize - you just putting all papers  
in the file - I like you like that " the way you work a job  
" or even shake your ass- now in the holler- you just  
stopping what was mention " I'm getting  
penchin- you so talent not bit chin " holler " threw  
what was my wises wishes- you so good intuition
