Verse 1:

The worst way to get it to one hundred - what the fuck

wait - where we get the water- in the building - and they
can competing - and they can just get what they can't -
in the mood and you just - and now you can follow - in
the room, you just missing - and now you gone have to
be in the petition - and then when they lifted - and aunt
got bitches -

Chorus:

Now get up - in the room - they living - looking at my
house files- watching cable TV - and listening to
hardcore music - No it was not a problem listening to
music cussing when I was young - I'm so sprung - and
then when it's fucked up - the worst way. Damn;

Verse 2:

This is the next one in the room - you just gave - in the
water - in the cast - of devotion - nobody ever was
cracking on me - though I seen it happen - in
elementary - Now the penitentiary - it's not that scary
on the inside - that's how they make it seam - now
that's in the p.u.s.s.y - if you pussy - Don't contempt
- with laws - that are not permitted - hold to the globe -
Holden - then it's spoken - they are joking - and trying
to be something that they - are not - and the.

Verse 3:

Now that the profound in the gates - of the used to be
now I'm not in the reality - that's part time of
cussing and arguing - now that was meaning - you just
not gimmick -now that you got your fits - now that I see
- I'm not in they hands - you gotta wait until 21 in
order to become a man - I've always been man - and
having myself - in the woods- and the files - in the most
honest - way - to be in the pick - of the danger - and you
can move

Verse 4:

Now that you can miss - and you can gave me what - I
needed - now all I gotta do is remember - owning
thousands and hundreds of tapes and CD's young -
Iâ€™m not sprung on my life - if being real is real -
then thatâ€™s that - now that you can act and beware -
rape'ing and fucking them - the worst way to be - in the
mood and the miles - and you smile - and you straight -
in the road - and now that you can mean what ever you
mean - and now you can get up in your soul - and
thatâ€™s going for you.
