(Intro)

Damn, Why yall talk about assertive yo?

Yall didn't know me, said yall niggas didn't know me

(Verse)

Assertive what must I do to be hired in the field

I went to school to be a computer tech, everywhere I go
they judge me

Is it the way that I carry myself? They say I don't have
experience

How can I, yall won't give me a chance in hell

(Chorus)

Assertive I've got much to give let me live

Assertive I've got talent and I know I'm worth it

Assertive I've got to overcome this monkey on my back

Assertive I need to get my life back on track

(Verse)

Oh well I've got questions and nobody out there have
the answers to tell

Yall upset me you make my head swell I've invested
fourteen grand

Yall won't help me man how much assertiveness must I
show

If I was white or yellow bet yall would hire me quick, this
is a bunch of bullshit

(Chorus)

Assertive I've got much to give let me live

Assertive I've got talent and I know I'm worth it

Assertive I've got to overcome this monkey on my back

Assertive I need to get my life back on track

(Verse)

I've had it with the corporate man yall just don't give a
damn

If I was a light skin black man my chances would
greatly increase

But yall don't know I am a dark skin black man yall
don't have a heart

I speak my mind I won't be quite don't make this man
start a world wide riot

(Chorus)

Assertive I've got much to give let me live

Assertive I've got talent and I know I'm worth it

Assertive I've got to overcome this monkey on my back
Assertive I need to get my life back on track
(Verse)
I try so hard to live an honest life but at this rate I have
to live a life of crime
Seems to be the way to go if you want lots of doe the
sun will come out tomorrow
I really hope so as long as I have a voice I will remain to
flow in the perfect world
I would be married to an Asian Ho, don't get it twisted
Ho is short for honey
I aint tryning to be funny
